<b>Totals .....</b>	<b><u>2,419</u>.....</b>	<b><u>187</u>.....</b>	<b><u>2,504</u>.....</b>	<b><u>367</u></b>

During the 2022 calendar year, there were 2,871 inspections. This represents an increase of 265 inspections from the 2,606 inspections in 2021.

There were 169 site inspections in 2022, 29 more than the 140 in 2021.

The 748 incidents include approximately \$130,000 in direct property loss in 2022. This compares to \$91,337 in 2021. To put this in perspective, this estimated loss is a loss based on protection of \$3,396,904,236.00 worth of assessed property value.

**Percentage breakdown of annual inspections for 2022:**

**Additional Comments:**

**Construction Projects**

Simsbury continues to grow. Throughout the year, the Fire Marshal's office reviewed several plans for remodeling projects and tenant buildouts within the community. The office continued to work with town agencies in the planning and development of future projects and have several hopefully breaking ground in 2023.

Construction on the Goodrich Building located at 50 Sarah Lane and the Tractor Supply store at 1603 Hopmeadow Street have reached completion. The Ridge at Talcott

.....

Mountain development off Hopmeadow Street continues with the construction of the final townhomes and one commercial building ending this phase in 2023. The remodeling of Andy's Plaza located at 828 Hopmeadow Street continues with the façade completed and tenant buildouts underway.

**Public Education**

The Fire Marshal's office continues its dedication to public education. This included the delivery of programs to town employees, community organizations, and schools both public and private to promote and improve the public's knowledge in fire and life safety initiatives.

There were 44 classes delivered by this office providing programs to over 1085 people in the community. Our programs continued to reach residents of all ages by delivering nationally recognized programs such as Learn not to Burn and Remembering When from the National Fire Protection Association.

The Fire Marshal's Office has added a second certified Juvenile Firesetter Intervention Specialist I. This certification focuses on how identification, intake, screening, disposition and follow-up are used to mitigate youth firesetting behavior. Course content included understanding the motivations behind youth firesetting and how the impact of adverse childhood experiences and behavioral/mental health changes can influence firesetting behaviors.

Classes on the use of fire extinguishers for both the Town of Simsbury and Dyno Nobel Inc. employees was completed.

We continue to work with the Simsbury Volunteer Fire Company and Auxiliary allowing us to hold our annual events including the Senior Pancake Breakfast in May and Fire Prevention Week open house in October, both popular events in the community and a great opportunity for the residents to ask questions concerning their fire and life safety planning.

**Goals**

Goals for the upcoming year include the ongoing evaluation of statistical data to identify and prioritize risks within the community, followed by planning ways to minimize occurrences of these unwanted risks.

Continue work on updating our computer aided dispatch system database for both commercial and residential properties.

Continue building upon the partnership between the Town of Simsbury, the local Chamber of Commerce, businesses and contractors to keep an open line of communication, improving our services.

.....

We will look into developing programs addressing the reduction of false alarms and nuisance alarms within the community. This is both a nationally recognized issue as well as a local issue with false alarms or nuisance alarms making up 33.29% of the fire departments call volume in 2022.

The Fire Marshal's office will be working with the Town of Simsbury to create a Life Safety Evaluation for the Simsbury Performing Arts Center. With larger events coming to the venue, it is important to have safe guards and planning in place to ensure the safety of all attendees, employees and volunteers.

The office will be working with other agencies in the valley to help educate and reduce fire and fall call volume for our first responders.

### Closing

Finally, I would like to recognize Deputy Fire Marshal Mike Brown for his continued dedication and professionalism throughout the year allowing us to achieve our goal of achieving 100% for required inspections. I would like to thank the Fire District Executive Committee, Fire District staff, Fire Company members and the Simsbury Auxiliary for their continued support to the Fire Marshal's office. I also would like to recognize the community on their continued efforts and support in contributing to their safety.

Respectfully submitted,

Patrick T. Tourville  
Fire Marshal
